

Mazal tov Joshua Fishman on your 80th! I've really received a lot from you, and I don't know if I've ever given anything back. Your 1990 RLS book was the backbone of my MA thesis "Reversing Language Shift: Can Kwak'wala be Revived?" Over the years, you've patiently and insightfully answered my questions on topics such as language maintenance and literacy.

Baruchim,

Stan Anonby
